

ANAND NEWS

Hello, 2006

It's certainly good to be looking forward to another year of great blessings, events, achievements and spiritual growth.

In 2005, we have had over 100 meetings, traveled through 7 states, have seen lives saved and many lives changed.

We had a good Christmas with Simon's sister and her family visiting from Australia.

January rolled around with us getting back in the routine of itineration. For those of you who supported us through 2005, we are very grateful and look forward to continued ministry together.

Simon & Anjana Gounder

This month Sylvanas was given the Honor Roll for his class. He was also awarded the Citizen of the Month certificate. He is in 3rd grade.

Anjana has started working at the Southern California District Office and we give God all the Glory for providing this position for her.

Special Note

- We are meeting every Tuesday evening in our home for prayer in preparation for starting the Artesia Church.
- If you live close by and would like to help this ministry in some way, please do let us know.
- The church building is nearing completion and our Tuesday night meetings will begin there in March.
- Many thanks to all the churches who took part in this "Extreme Church Makeover" project".

Ministry in Action

Suman Nott

Last December Simon was able to hold a series of meetings in Tampa, FL. He was hosted by Sister Suman Nott, our partner in ministry and she has volunteered to represent our ministry there. During Simon's visit there, her sister, Sarla gave her life to the Lord.

3-night Crusade at Calvary Chapel in Los Angeles

January 20, 21 and 22, we were invited to speak at a crusade organized by Calvary Chapel in Los Angeles with Pastor Frank Flores. It was a weekend of great blessings as we felt the move of the Holy Spirit.

A TESTIMONY

Pastor Simon, I want to thank you for coming to Calvary Chapel and ministering the precious word of God to my church. During the three day revival the presence of God was so powerful that each day people were getting slain in the spirit, healed, and delivered in Jesus Name.

A week later, a woman that was healed gave her testimony in our Sunday morning service. She testified that she had a tumor in her breast causing serious chest pain for the last two years. She was already scheduled to have surgery to remove the tumor. Then she came to the revival. When you were calling people up to be healed you said, "there is someone here that is having chest pain". She went to the altar and you prayed for her. The following week she went to the doctor and praise God, no tumor was found.

I also had a wonderful experience during the revival. I grew up in church since I was 8 years old (I'm 33 now), but I have never experienced the infilling of the Holy Spirit with the evidence of speaking in tongues. I began praying for that infilling since last year. I came to the altar during that revival, continuing to seek and ask and the Lord was waiting for me at that altar. The presence of God was just so real and overwhelming, so many people were getting touched and I am so thankful that the Lord touched me and filled me with His Spirit as I began to speak in tongues for the first time.

Anita Garcia

5 Saved

At a recent Sunday morning service in a Samoan Church in Santa Clara, 5 people came up at the altar call to give their life to the Lord. One of them was a Muslim girl and we had the joy of witnessing their salvation.

Five adults confess Christ
